# RM 350/250/150

Versatile Stabilizing & Milling Attachment

***"Compact Power. Full Control."***

350mm/250mm/150mm cutting widths - balances power and precision.

| Specifications | |
|---|---|
| **RM 350 Cutting Width** | 350mm (14") |
| **RM 250 Cutting Width** | 250mm (10") |
| **RM 150 Cutting Width** | 150mm (6") |
| **Cutting Depth** | 110mm (4.5") |
| **Hydraulic Flow** | 80-200 LPM (18-53 GPM) |
| **Pressure Range** | 150-350 Bar (2,200-5,000 PSI) |

## Key Features

- Cuts up to 100mm deep
- Direct hydraulic drive
- Independent level control
- Side shift
- Quick-change tooling system

*Compatible for Skid Steers*
